2021 Sponsorship Opportunities

VOYCE is a 501(c)(3) non-profit organization that helps families and individuals seeking options for long-term care, support while living in long-term settings, and ongoing education on topics important to those who live and work in these communities.

CONNECT WITH LONG-TERM CARE CONSUMERS

Partnering with **VOYCE** as a sponsor of our 2021 education means your organization will connect directly with those who need your services. Sponsorship for these planned courses reaches both long-term care professionals and families. Across the series, sponsors can expect:

- At least 30 emails to our 2,700 constituents (18% open rate)
- A minimum 15 posts to our social media pages
- Visibility to over 100 website visitors per month
- Additional promotion through Facebook and other advertisements

Join us today to take advantage of all of these opportunities.

VOYCE LEADS IN LONG-TERM CARE EDUCATION

We believe that in order for all long-term care residents to make the greatest use of their rights, it is important that families and professionals involved in the long-term care system have up-to-date knowledge. VOYCE offers Community Education and Professional Education throughout the year, helping everyone involved to better uphold the rights and dignity of long-term care residents. Participants hear from experts on patient care, administrative, legal, financial, and social topics at regular webinars. In 2021, **VOYCE** is excited to expand our Community Education offerings. We look forward to implementing in-person educational opportunities when safety allows us to meet again!

BE AN ADVOCATE THROUGH EDUCATION

Join **VOYCE** in changing the landscape of long-term care for the individuals who depend on it. Our sponsors allow VOYCE to continue advocating, supporting, and providing necessary information to families and individuals navigating the continuum of care. Your support means VOYCE is able to provide FREE community education to those needing guidance. We hope to implement live events soon, but have pivoted to virtual learning for the foreseeable future.
